

**New  
Course  
Offering**

# **SUNY SUFFOLK'S ADVANCED MANUFACTURING TRAINING CENTER OFFERS INDUSTRIAL MANUFACTURING TECHNICIAN (IMT) TRAINING COURSE**

## **What is an IMT?**

- An industrial manufacturing technician's role is broad in nature and uses a blend of technical and mechanical skills to do their job.
- As an industrial manufacturing technician (IMT) you will operate industrial production-related equipment, work with manufacturing-related tools and perform work processes in a wide variety of manufacturing settings.

## **What topics does the IMT Course cover?**

- The foundations in manufacturing training and develop the knowledge and competencies needed in the advanced manufacturing industry.
- The practical and theoretical aspects of a highly skilled occupation, a proven approach to prepare workers for careers while meeting employers' need for a highly skilled workforce.

## **Students will master the following skills:**

- To set up, operate, monitor, and control production equipment
- To improve manufacturing processes and schedules to meet customer requirements
- To understand manufacturing as a business system that integrates multiple disciplines, processes, and stakeholders
- To efficiently and safely manage raw materials/ consumables

## **Reasons to Take This Training:**

- Excellent for entry-level positions in manufacturing designed to quickly enhance/ develop foundational skills and provide opportunities for advancement
- Offers stackable training that is a foundation for multiple career pathways
- Easily adapted for different manufacturing contexts, different sized companies and different types of manufacturing schedules
- Leads to industry-recognized credentials

## **Career Opportunities**

- Manufacturing Technicians
- Manufacturing Production Technicians
- Production Technicians
- Machine Operators
- Process Operations Workers

## **Course Information**

- Tuesdays and Thursdays
- 5:00 p.m. - 9:00 p.m. or 12:00 p.m. - 4:00 p.m.
- \$2,500
