

CATS/SSD PRESENTS

MAKERSPACE ROUNDTABLE

Friday 8/22
10am-12pm

**MASTICS - MORICHES - SHIRLEY
COMMUNITY LIBRARY**

Join us for an engaging roundtable discussion on Makerspace trends in libraries, where we'll explore how these creative spaces are evolving and how to effectively manage and staff them. Whether you're just getting started or looking to grow your Makerspace, this conversation is designed to offer practical insights and shared experiences.

The discussion will be facilitated by CATS President Steven Alcalde, Head of Computer and Technology Services at Rogers Memorial Library, and SSD President Nicole Malley, Technology Librarian at the Mastics-Moriches-Shirley Community Library. Both bring valuable firsthand experience with developing and supporting Makerspaces in their libraries.
